

# Sour/Soft

Sour/Soft is a balanced blend of fabric softening agents and a laundry sour. Softened linens have a softer, smoother feel; towels and diapers are fluffier; clothes have fewer wrinkles requiring less ironing. It also neutralizes the alkaline detergent residues and water hardness minerals that cause iron staining and graying of fabric. Sour/Soft is industrial strength - it has proven to be very economical to use in all institutional laundries. For institutional laundry use only. Do not mix with chlorine bleach.

- Controls pH
- Iron control
- Softens Fabrics
- Eliminates Static

## Technical Specifications

Appearance	Opaque liquid
Dilution Rate	0.75-1.5 OZ/35#
Color	Pink
Scent	Light Floral
Non Volatile Matter	14.5 - 15.1%
pH @ 25 deg. C	1% 2.0 - 2.6

## Safety

See material safety data sheet and product for safety information, handling and proper use.

## Availability

HIL0011407	1 - 5 Gallon Pail
HIL0011415	1 - 15 Gallon Drum
