

Shower Foam®

Fast-acting cleaner specially designed for use with the Hillyard Foam Gun. Quickly dissolves away the weekly build-up of hard water deposits and soap film from shower walls and floors without scrubbing. Just spray it on, allow it to work and rinse. Covers wide areas with just a sweep of your Hillyard Foam Gun. High-foaming Shower Foam clings to vertical surfaces while it attacks soap film and hard water deposits. Can be used on any acid resistant surface.

- Quickly dissolves hard water deposits and soap film.
- Clings to vertical surfaces.
- Fresh wintergreen fragrance.

Technical Specifications

Appearance	Clear

Scent	Wintergreen
Non Volatile Matter	17.00 - 18.00%
pH @ 25 deg. C	<2

HMIS (Concentrate/RTU)

Flammability = 0 Health = 2 Reactivity = 0

Directions

Apply with foam gun. Dilute one part SHOWER FOAM to 20 parts cold water (greater chemical action can be obtained with warm water). Foam onto surface; repeat immediately; permit to react with film and mineral deposits 2-3 minutes; rinse well with water.

For extremely heavy soil buildup, foam surface and allow foam to react, then scrub with mild abrasive pad or brush and rinse.

Always rinse thoroughly after using. SHOWER FOAM can also be applied with soft bristle brush at a dilution of 1:20 (6 oz./gal.).

For heavier soil buildup, dilute at 1:12 (10 oz./gal.). Allow to penetrate and loosen soil; rinse thoroughly.

NOTICE: Do not use with ammonia or bleaches. Do not apply with trigger sprayer. Do not use on marble, terrazzo, resilient flooring, aluminum or galvanized metal.

Safety

See material safety data sheet and product for safety information, handling and proper use.
