

Clean Scrub®

This multipurpose, neutral cleaner removes a wide variety of dirt, grime and other soil from any surface not damaged by water. Cleans synthetic gym floors and resilient tile gym floors. Also great for concrete, paver brick, terrazzo, quarry tile, tables, equipment, walls, etc. Excellent wetting, penetrating, soil suspension and emulsification. For use in automatic scrubbers. It can also be applied with a mop, sponge, brush, or pressure washer. Phosphate free and contains biodegradable surfactants.

- Specially formulated to clean and maintain synthetic floors.
- Removes rubber burns, scuffs, and dirt.
- Concentrated for economical use.

pH @ 25 deg. C	8.90 - 9.30

HMIS (Concentrate/RTU)

Flammability = 0 Health = 1 Reactivity = 0

Directions

For normal damp mopping, mix 3 oz. of CLEAN SCRUB to one gallon of water and mop floor.

For heavy soil, work small areas making sure to keep floor wet at all times to prevent dissolved soil from drying back on the floor. Pick up dirt-laden solution with wet vacuum or mop.

For light cleaning, damp mop or autoscrub using CLEAN SCRUB at .5 to one ounce per gallon of water. Do not rinse after normal cleaning. (CLEAN SCRUB will preserve and protect surface.) When preparing a surface to receive paint, finish, wax, polish, etc., rinse with clean water.

Safety

See material safety data sheet and product for safety information, handling and proper use.
