

# Take Down® Fresh Linen

Works naturally to destroy odors at their source. Unlike many products that simply mask odors, Take Down uses safe, natural bacteria and enzymes to eliminate stubborn odors. Plus there are no harsh chemicals to worry about. The bacteria simply die when their job is done and convert to carbon dioxide and water. Take Down can be safely used in a variety of applications including restrooms, floors, carpet, garbage containers, cigarette urns, and anywhere foul odors are a problem.

- Uses safe, natural bacteria and enzymes to destroy odors.
- Can be used as an additive in cleaning solutions.
- Fresh and Clean fragrance.

## Technical Specifications

Appearance	Hazy
Dilution Rate	1:128 - 1:8
Color	Slightly yellow
Scent	Fresh Linen
Non Volatile Matter	2.5 - 3.5%
pH @ 25 deg. C	6.5 - 8.5

## HMIS (Concentrate/RTU)

Flammability = 0	Health = 0	Reactivity = 0
------------------	------------	----------------

## Safety

See material safety data sheet and product for safety information, handling and proper use.

## Availability

HIL0046404	12 - 1 Quart Bottles
HIL0046406	4 - 1 Gallon Containers

## Directions

Normal deodorizing = Mix 1 to 4 ounces per gallon of water. Strong Odors = Mix 4 to 6 ounces per gallon of water. Trash Containers = Mix 8 to 16 ounces per gallon of water. Drain line maintenance = Pour 4 to 6 ounces directly into drain on a daily basis. As a cleaning solution additive = Use 1 to 2 ounces per gallon of cleaning solution.

**NOTICE:** Do NOT mix with disinfectants, bleach, or ammonia.
