

Liquid Trap Shooter®

The latest advance in bacterial-based products. It uses nature's own cleaning agents to rid grease traps and plumbing of grease and waste accumulation. By adding a unique, stabilized enzyme component, Liquid Trap Shooter is able to begin working in as little as 30 minutes. Traditional bacterial products can take six to eight hours to begin working. With daily maintenance, Liquid Trap Shooter keeps grease traps free from excessive buildup while reducing odor, clogs, and expensive pump-outs.

- Works in as little as 30 minutes.
- All natural ingredients will not harm plumbing.
- Specially designed to work in tandem with the Trap Shooter Dispenser.

Technical Specifications

Appearance	Hazy liquid
Dilution Rate	RTU
Color	Green
Scent	Spring Fresh
Non Volatile Matter	1.40 - 2.00%
pH @ 25 deg. C	7.00 - 9.00

HMIS (Concentrate/RTU)

Flammability = 0	Health = 0	Reactivity = 0
