HMIS (Concentrate/RTU)

Flammability = 0 Health = 1 Reactivity = 0

Directions

1. Place Wet Floor sign near spot.
2. Test for colorfastness and effect on texture on an inconspicuous area before applying to spot.
3. Apply RUST SPOTTER GEL to rust stains and agitate with a bone knife. Allow to set for a few minutes or until spot begins to brighten.
4. Blot with absorbent toweling. Repeat Step 3 if necessary.
5. Rinse with water and blot dry with absorbent toweling. If available, rinse with an extractor until all residue is removed.
6. Allow area to thoroughly dry before removing Wet Floor sign. An air blower will aid in this drying process.

Safety

See material safety data sheet and product for safety information, handling and proper use.
