

Gum-Go®

With this product it's easy to remove chewing gum, candle wax, putty and other gummy substances from surfaces. The chewing gum remover will make the messy job quick and neat by freezing the substance to approximately -40°F so you can crack it off fast. Removal is easy and there is no staining or chemical residue left behind. This product contains no chemicals that will reduce the ozone in the upper atmosphere. Care should be exercised when using this product as frostbite may occur if sprayed on the skin.

- Freezing action.
- Effective on wax, gum and adhesives.
- Leaves no residue.

Technical Specifications

Dilution Rate	RTU
Color	Colorless
Scent	Cherry
pH @ 25 deg. C	n/a

Directions

First remove all material possible with a scraper or dull knife. Then hold snorkel tube about 2 inches from substance and spray with a 5 to 10 second blast. While material is hard and brittle, scrape rapidly with a dull knife or scraper; repeat as necessary.

Safety

See material safety data sheet and product for safety information, handling and proper use.
