

Drain Maintainer

DRAIN MAINTAINER is a true breakthrough in drain opener technology. This fast-acting product offers the performance of traditional caustic drain openers, but is biodegradable, odorless, and nonflammable. Its high density, thickened formula is heavier than water, so it sinks and clings to the blockage and begins working quickly. Highly effective against obstructions caused by fats, oils, lint and hair.

DRAIN MAINTAINER is odorless, nonflammable and safer to use than traditional drain openers.

- Thickened Formula Sinks & Clings to Point of Obstruction
- Highly Effective Against Fats, Oils, Lint & Hair
- Odorless, Biodegradable, Nonflammable

Technical Specifications

Appearance	Clear Liquid
Dilution Rate	RTU

pH @ 25 deg. C	>12

HMIS (Concentrate/RTU)

Flammability = 0 Health = 0 Reactivity = 0

Safety

See material safety data sheet and product for safety information, handling and proper use.

Availability

HIL0112204 12 - 1 Quart Bottles

Directions

Ensure cap is secured and invert container prior to use.

FOR SEWER MAINS: Pour 2-4 gallons into manhole or drain upstream and as close to the obstruction as possible. For best results, use regularly to keep sewer main open and free flowing.

FOR LATERALS: Pour 1 gallon into drain upstream and as close to the obstruction as possible.

FOR DRAINS: Pour 1/2-1 quart slowly into the drain. Allow to work for 30 minutes. For difficult obstructions, a second application may be necessary.

Where there is a history of obstructions, the regular use of this product at weekly intervals (or more often if required) will keep the line open and free flowing.
