Ice Melt Hillyard Special Blend 50 lb.

Hillyard Special Blend is a balanced formulation of various ice melting salts making it safe and economical to use. Does not damage vegetation when used according to label directions. The selected ingredients that make up Hillyard Special Blend do not chemically attach good quality concrete that has been designed for exposure to winter weather and ice melter usage. Hillyard Special Blend does not leave an oily residue that is common with other ice melters. Hillyard Special Blend has been screened, eliminates the fines and overs, making it easy to apply by hand or spreader.
